

### 1W isolated DC-DC converter

Fixed input voltage, unregulated single output

c Sus C € CB Patent Protection RoHS

### **FEATURES**

- Continuous short-circuit protection
- No-load input current as low as 5mA
- Operating ambient temperature range: -40°C ~ **+105**℃
- High efficiency up to 83%
- Compact SMD package
- I/O isolation test voltage 1.5k VDC
- Industry standard pin-out
- IEC62368, UL62368, EN62368 approved

B05\_T-1WR3 series are designed for use in distributed power supply systems and especially suitable in applications such as pure digital circuits, low frequency analog circuits, relay-driven circuits and data switching circuits.

**3** years

Selection (	Guide

#### Design Reference

1. Typical application

Input and/or output ripple can be further reduced, by connecting a filter capacitor from the input and/or output terminals to ground as shown in Fig.3.

Choosing suitable filter capacitor values is very important for a smooth operation of the modules, particularly to avoid start-up problems caused by capacitor values that are too high. For recommended input and output capacitor values refer to Table 1.

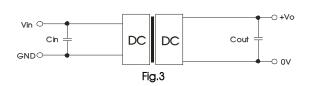

Table 1: Recor	nmended input	and output co	apacitor values	

VIN(VDC)	Cin(µF)	VO (VDC)	Cout(µ⊦)
		3.3/5	10
5	4.7	9	4.7
		12	2.2

#### 2. EMC (CLASS B) compliance circuit

Note:To further improve EMI performance, we recommend the use a Y-capacitor CY

#### Notes:

- 1. For additional information on Product Packaging please refer to www.mornsun-power.com. Tube Packaging bag number: 58210024, Roll Packaging bag number: 58200054;
- 2. If the product is not operated within the required load range, the product performance cannot be guaranteed to comply with all parameters in the datasheet;
- 3. The maximum capacitive load offered were tested at input voltage range and full load;
- 4. Unless otherwise specified, parameters in this datasheet were measured under the conditions of Ta=25°C, humidity<75%RH with nominal input voltage and rated output load;
- 5. All index testing methods in this datasheet are based on our company corporate standards;
- 6. We can provide product customization service, please contact our technicians directly for specific information;
- 7. Products are related to laws and regulations: see "Features" and "EMC";
- 8. Our products shall be classified according to ISO14001 and related environmental laws and regulations, and shall be handled by qualified units.
